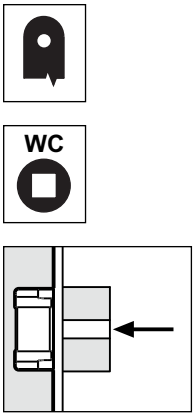
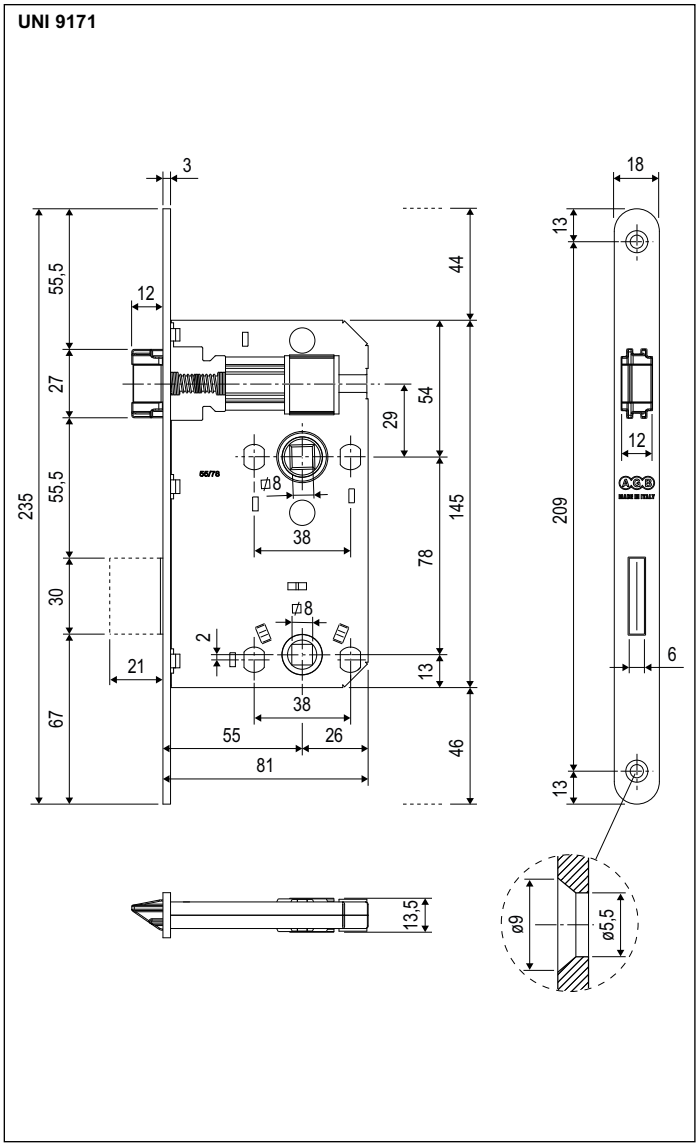
Round ends with bathroom lock, 78 mm centre, 18 mm forend





Description

Embedded lock with latch and bolt. 78 mm centre. 18 mm forend with round ends. With hub for 8 mm doorknob spindle and single 55 mm backset. Made entirely of steel with patented co-moulded self-lubricating latch and steel bolt. Reversible latch. Case with holes for handle installation using through screws.

Use

For wooden bathroom doors. Specially suitable for doors with narrow stiles.

Fastening

Prepare cutout and mill the panel according to the dimensions shown in the diagram. Secure the lock with two 4,5x25 mm screws. To reverse the spring latch, push it out of the forend by pushing with a screwdriver against the screw on the back, then rotate it.

Note. *The striker, selected according to the construction type, must be ordered separately*
