

Centro S with bolt - 6 mm bathroom lock, 90 mm centre, 18 mm forend

Description

Embedded lock with nylon latch and bolt. 90 mm centre. 18 mm forend with round ends. Single 50 mm backset. Made of steel. Bathroom version with 6 mm hub.

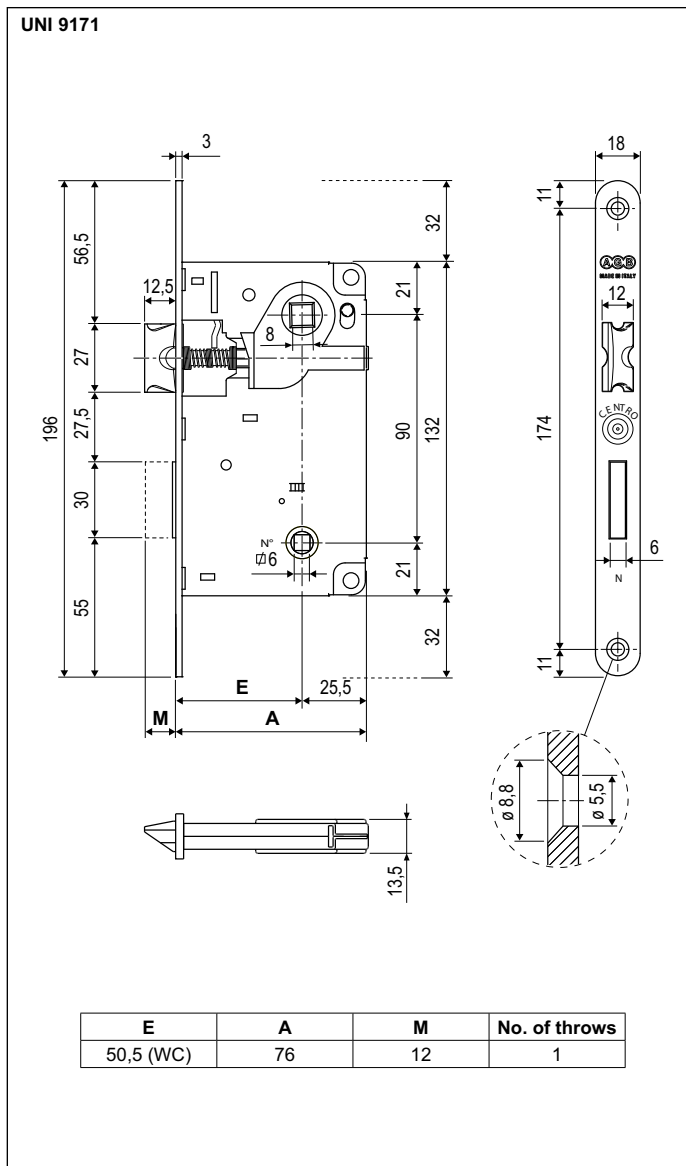

Application

For interior timber doors. The position of the hub and key, which are symmetrical with respect to the centre of the panel, allows the reversal of the lockcase in the cutout.

Non-handed doors can thus be obtained for the flush type, which allows you to reduce your stock of panels considerably.

Mounting

Prepare cutout and mill the panel according to the dimensions shown in the diagram. Secure the lock with two 4,5x25 mm screws.
