

## Covers

### Covers kit for Eclipse and Eclipse 2.0 hinges

#### Fastening

Covers fastening is assured by the pins which are placed on the back.

#### Application

A number, 1 or 2, is printed on the back side of each cover, as you can see from the **Covers Application** image.

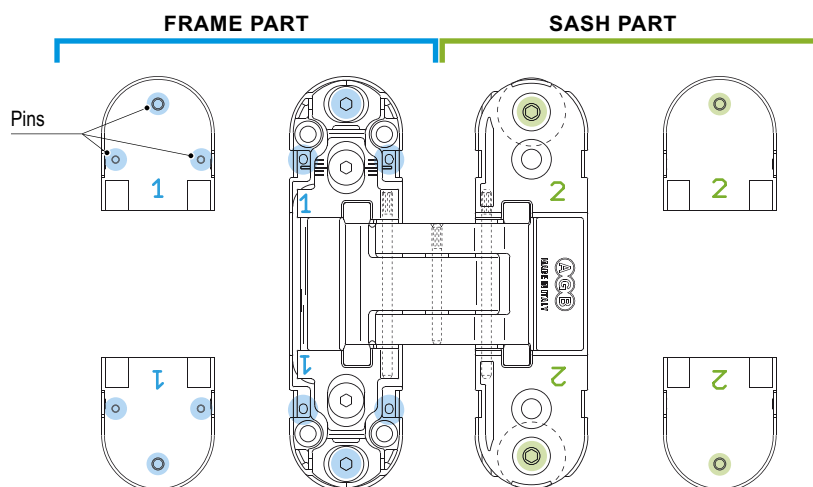

The covers with number 1 must be applied to the frame part of Eclipse; the covers with number 2 must be applied to the sash part.

#### Order specifications

Material	Article
PLASTIC	E30200.20.XX

**Note.** Refer to the price list in force to check the availability of the finishes.

### COVERS APPLICATION

**Attention:** pay attention to the application scheme of covers, both for sash and frame parts, in order to help their functionality.
