

Fusion

Flush swing wooden door system

 44 ÷ 45 mm

 Max 60 kg

Fusion

Fusion is the new flush swing wooden door system. The usage of best components allows a quick and easy installation.

Fusion system is suitable to main different models of concealed hinges currently on the market.

Fusion flush swing system is used with wooden doors from 44÷45 mm thickness.

It is possible to supply frames dedicated to standard door sizes. Alternatively, it is possible to realize frames according to special sizes requirements, providing information of height, width and quantity of hinges to use.

Fusion system uses for all versions, the standard "door-catcher" B024020934 ALUTOP XT AGB.
