

Fusion Glass

Flush swing glass door system

 8 ÷ 10 mm

 Max 80 kg

Fusion Glass

Fusion Glass is the new flush swing glass door system. The usage of best components allows a quick and easy installation.

Fusion Glass flush swing system is used with glass doors from 8 ÷ 10 mm thickness.

It's possible to supply frames dedicated to standard door sizes. Alternatively, it's possible to realize frames according to special sizes requirements, providing information of height, width and quantity of hinges to use.
